

## Finding your Moccasin Slipper size

If you are a half size, go down to the nearest whole size and look for the equivalent size to order.

E.g. if you are a NZ Women's 7½ then order a 6.

Sheepskin slippers should be snug fitting to start and will loosen up a bit with wearing.

## Foot measurements

Measure your bare foot to be sure of the exact size. Place your heel against a wall and measure from the wall to the furthest tip of your longest toe, (usually your big toe). You can stand on a ruler or measuring tape (but if your ruler measuring edge doesn't start at zero, take this into consideration). We need the exact length of your foot - it can be in inches or centimeters, but you must have bare feet.

Sheepskin boots will stretch slightly, and the pile will compact, so it is important that they fit reasonably snug to start off.

## Compare worldwide shoe sizes

You can let us know your size in the comments box at "check out" if you are not sure. (Slippers should be snug fitting to start and will loosen up a bit with wearing.)

Size to Order	US Men's	US Women's NZ Women's Aust Women's	UK Unisex NZ Men's Aust Men's	Euro	Maximum foot length measurement
<b>4</b>	4	5	3	36	22cm / 8 3/5 inches
<b>5</b>	5	6	4	37	23cm / 9 inches
<b>6</b>	6	7	5	38	24cm / 9 1/2 inches
<b>7</b>	7	8	6	39	25cm / 9 4/5 inches
<b>8</b>	8	9	7	40	26cm / 10 1/5 inches
<b>9</b>	9	10	8	41-42	27cm / 10 3/5 inches
<b>10</b>	10	11	9	43	28cm / 11 inches
<b>11</b>	11	13	10	44	29cm / 11 1/2 inches

If you're still unsure, measure your foot and include the measurements in the comments box when you're checking out.
